USURBILGO LANBIDE ESKOLA

The Usurbil Higher Education and Vocational Training Institute offers **preliminary** vocational training (Intermediate and Advanced Vocational Training and Educational Cycles, levels 3 and 5 EQF), **job training** (career and employment counseling for both employees and the unemployed), as well as **work-study** programs (work-linked training, combining alternating work contracts – apprenticeships, etc. and study programs).

Courses are offered in **Euskera** (Basque), **Spanish** and **English** in educational cycles spanning five different areas of expertise:

- **Management and Business Administration**
- **Electricity - Electronics**
- **Energy and Water Conservation**
- **Mechanical Production**
- **Installation and Maintenance**

Each cycle includes **3 months of on-the-job training** in different enterprises (LWT – Local Workplace Training).

We offer the following services to both the general public and enterprises:

INTERNATIONAL PROJECTS

- Student and staff mobility projects under Erasmus+ KA1 program
- Participation in Strategic Partnership projects under Erasmus+ KA2 program together with European partners (Ireland, UK, Estonia, the Netherlands...)
- Development of projects under cross border cooperation project POCTEFA (Interreg Europe).
- On-demand training courses for foreign VET student and teachers from Chile, Colombia, Florida (USA), etc.

ZUBIGUNE

Foundation providing support for ULE to manage and coordinate training programs, international projects and content production for blended learning (online + presential learning formats).
